

# An Abc Of Witchcraft Past And Present

**Doreen Valiente**

**An ABC of Witchcraft Past and Present** Doreen Valiente, 2018-01-31 This is the only book of its kind on witchcraft that has been written by a practising witch. It is intended to be not merely a history, but a guide to the many strange byways of a vast and fascinating subject. Witchcraft is as old as the human race, and it is actively practised today, by people of all classes. To its devotees, witchcraft is more than spells and charms, or even secret meetings and rituals; it is a philosophy and a way of life. It claims to be the oldest form of religion, that of nature-worship and magic. Since the last Witchcraft Act was repealed in 1951, the revival of public interest in witchcraft has been the subject of continuous controversy. This book is a serious contribution to the study of a subject too long obscured by prejudice and sensationalism.

**An ABC of Witchcraft Past & Present** Doreen Valiente, 1980

The Rebirth of Witchcraft Doreen Valiente, 2018-01-31 Since 1951, when the last of the Witchcraft Acts was repealed, many books have been written about the reappearance of witchcraft and the development of a pagan theology. Churchmen have denounced it. Sociologists have wondered at it. Journalists have penned sensational stories about it. But until the publication of this book, no one had told the real story of it from the inside as frankly as it is told here. Doreen Valiente, one of witchcraft's most widely known figures, was a close friend of the late Gerald Gardner, generally regarded as the founder of present-day witchcraft. Initiated by him and for a time High Priestess of his coven, Doreen Valiente helped him rewrite his seminal Book of Shadows. She records the break with Gardner that split his coven, the controversy surrounding Alex Sanders, 'King of the Witches' and memories of many other witches whom she has known, including the lady called 'Dafo', Robert Cochrane, Leslie Roberts and Sybil Leek. Doreen Valiente took part in many witchcraft rituals and had strange psychic experiences as a result. Described here are the clairvoyant communications she received purporting to come from 'John Brakespeare', an eighteenth-century witch. The Rebirth of Witchcraft traces the lineage of the present-day witchcraft from its forerunners through to modern feminist neo-paganism and the new wave of interest in ecology and holistic medicine.

**Natural Magic** Doreen Valiente, 2018-01-31 Magic is all around us - in stones, flowers, stars, the dawn wind and the sunset cloud. All we need is the ability to see it, understand it, and apply it. Natural Magic explains how to practise the age-old white magic that village wise women have used for centuries. It deals with the magic of herbs and flowers, of the four elements, of numbers and colours, amulets and talismans, how to read cards, how to interpret dreams, and much more.

There are chapters on the secrets of sex magic, and on the use of traditional spells. If you want to learn to charm warts, to cast a love spell, or to plant a magical garden, this book will tell you how. An essentially practical treatise, which sets out to show how magic can be for everyone, and how, indeed, it has always been inherent in human life and nature. Both those who are new to the practice of magic and those with experience will find it delightful reading and an informative handbook for use in daily life.

*Witchcraft for Tomorrow* Doreen Valiente, 1993 Now reissued again due to popular demand, *Witchcraft for Tomorrow* answers many frequently asked questions about witchcraft including: 'How can I find a witches' coven?' and 'How can I become a witch?' Doreen Valiente tells you what the old religion of witchcraft has to offer the new age of Aquarius; how the age-old Craft of the Wise can be practised in the modern world; how to initiate yourself as a witch and found your own coven. The author, who was the leading figure in the establishment of the modern Wiccan movement, includes a new Book of Shadows (the witches' handbook of rituals and instructions) based upon ancient magical tradition but geared to the age of the future. There are witch songs, spells, incantations and practical advice on how to run a coven and how to acquire your own collection of magical implements; as well as methods of divination and other witch lore. The author shows how the oral traditions of witchcraft throw light not only upon the origins of the present-day witch cult and the activities of the witch leader George Pickingill and his covens, but also upon the mystery of the founding of the famous magical order, the Golden Dawn. Also discussed is the relationship between the witchcraft of Britain and Europe and the magical belief of the Far East. Do both traditions hark back to the legendary city of Shamballah and to the shamanistic practices of Asia? And why do the secret circles of the witches resemble those of the Tantric sex-magic of India?

**Witchcraft Past and Present, for the Millions** Marika Kriss, 1970

*Buckland's Complete Book of Witchcraft* Raymond Buckland, 1986 This complete self-study course in modern Wicca is a treasured classic - an essential and trusted guide that belongs in every witch's library.---Back cover

*What We Knew in the Night* Raven Grimassi, 2019 Explores the roots of witchcraft while providing an integrated magical system to serve the modern witch. Raven Grimassi is among the pioneering authors of the modern witchcraft renaissance. In *What We Knew in the Night*, he presents a cohesive and complete system of witchcraft based on traditional sources. The author's premise is that, beginning in the 1980s, with the rise of modern metaphysical publishing, authors began presenting very personal witchcraft practices. In the process, traditional and formerly well-established practices fell into obscurity, which potentially lead to confusion. *What We Knew in the Night* uncovers and clarifies those buried gems for a new generation, assembling and integrating key components of witchcraft, past and present. Grimassi lays out key mystical and practical foundations of witchcraft and restores their important role. Sharing lessons and advice from his own almost 50 years of personal study and practice, Grimassi explores what he describes as the heart of the old rites. He also offers

practical instructions and a clear 5-step process of empowerment - one chapter for each step - for anyone who wants to walk the path of witchcraft: Virtue of the Moon The Wafting The Witch's Blade The Clay Pentacle The Witch's Ring Having accomplished these steps, the reader will possess the quintessence of witchery and be firmly grounded in the arcane art of witchcraft.

**The Witch** Ronald Hutton, 2017-08-01 This “magisterial account” explores the fear of witchcraft across the globe from the ancient world to the notorious witch trials of early modern Europe (The Guardian, UK). The witch came to prominence—and often a painful death—in early modern Europe, yet her origins are much more geographically diverse and historically deep. In *The Witch*, historian Ronald Hutton sets the European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft. Hutton, a renowned expert on ancient, medieval, and modern paganism and witchcraft beliefs, combines Anglo-American and continental scholarly approaches to examine attitudes on witchcraft and the treatment of suspected witches across the world, including in Africa, the Middle East, South Asia, Australia, and the Americas, and from ancient pagan times to current interpretations. His fresh anthropological and ethnographical approach focuses on cultural inheritance and change while considering shamanism, folk religion, the range of witch trials, and how the fear of witchcraft might be eradicated. “[A] panoptic, penetrating book.”—Malcolm Gaskill, London Review of Books

*History Of Witchcraft* Jeffrey B Russell, Brooks Alexander, 2007-02-20 For nearly thirty years, during which it has been continuously in print, Jeffrey Russell's 'A History of Witchcraft' has been the one authoritative concise illustrated history of witchcraft. Now, in collaboration with Brooks Alexander, who has conducted innovative researches in the field, this classic book has been fully revised with new chapters and illustrations -- publisher website (June 2007).

Witchcraft Michael Streeter, 2020-03-03 Witchcraft unravels the myth from the mystery, the facts from the legends, in this bewitching introduction to witchcraft's lesser-known history. Spanning several centuries and comprising unbelievable facts and little-known legends, meet all the witches of your imagination and learn why, where and how it all began. Uncover the meanings of their rituals and rites, their lore, and their craft Discover the significance of their sabbats and covens, their chalices and wands, their robes and their religion. Unlock the secrets of the legendary witches of mythology and folk tales and find out how these early stories influenced the persecutions and witch hunts of the Middle Ages. Learn about the people who inspired the pagan revival and how their work in literature and magic rekindled the fires of the sabbats across Europe and the New World today. Features spell-binding historic and contemporary pictures that perfectly capture the key characters, events and wonders of this captivating, colourful and controversial history.

Between the Devil and the Host Michael Ostling, 2011-11-03 For the first time in English, Michael Ostling tells the story of the imagined Polish witches, showing how ordinary peasant-women got caught in webs of suspicion and accusation, finally

confessing under torture to the most heinous of crimes.

**Modern Wicca** Michael Howard, 2010-09-08 An insider's look at the history of Witchcraft The evolution of Wicca is as dynamic and colorful as the Witches who helped shape it. One of the most enigmatic and progressive practitioners of his time, Gerald Gardner was arguably the most instrumental Witch in spreading the Craft around the world. Drawing on his decades of personal involvement with Wicca, Michael Howard offers an intimate portrait of Gerald Gardner's life and traces the history and development of modern neo-pagan Witchcraft. Howard reveals little-known facts and stories surrounding the men and women who shaped Wicca over the past sixty years, including Aleister Crowley, Alex Sanders, and influential initiates such as Doreen Valiente. From the Museum of Magic and Witchcraft on the Isle of Man to the origins of the Book of Shadows, Modern Wicca tracks the expansion of Wicca as it spread from the United Kingdom to the United States and beyond—and takes you inside the political controversies, behind-the-scenes rivalries, and once-guarded secrets of pagan ritual, Wiccan spells, and the Craft of the Wise. Praise: This is an extremely important book, representing an account of Wiccan history from somebody who has himself been a major actor in it.—Ronald Hutton, author of *The Triumph of the Moon*

**The Once and Future Witches** Alix E. Harrow, 2020-10-13 A gorgeous and thrilling paean to the ferocious power of women. The characters live, bleed, and roar. —Laini Taylor, New York Times bestselling author A NEW YORK TIMES BESTSELLER • Winner of the British Fantasy Award for Best Fantasy Novel • Named One of the Best Books of the Year by NPR Books • Barnes and Noble • BookPage In the late 1800s, three sisters use witchcraft to change the course of history in this powerful novel of magic, family, and the suffragette movement. In 1893, there's no such thing as witches. There used to be, in the wild, dark days before the burnings began, but now witching is nothing but tidy charms and nursery rhymes. If the modern woman wants any measure of power, she must find it at the ballot box. But when the Eastwood sisters—James Juniper, Agnes Amaranth, and Beatrice Belladonna—join the suffragists of New Salem, they begin to pursue the forgotten words and ways that might turn the women's movement into the witch's movement. Stalked by shadows and sickness, hunted by forces who will not suffer a witch to vote—and perhaps not even to live—the sisters will need to delve into the oldest magics, draw new alliances, and heal the bond between them if they want to survive. There's no such thing as witches. But there will be. An homage to the indomitable power and persistence of women, *The Once and Future Witches* reimagines stories of revolution, motherhood, and women's suffrage—the lost ways are calling. Praise for *The Once and Future Witches*: A glorious escape into a world where witchcraft has dwindled to a memory of women's magic, and three wild, sundered sisters hold the key to bring it back...A tale that will sweep you away.—Yangsze Choo, New York Times bestselling author This book is an amazing bit of spellcraft and resistance so needed in our times, and a reminder that secret words and ways can never be truly and properly lost, as long as there are tongues to speak them and ears to listen.—P. Djèlí Clark, author *The Black God's Drum* For more from Alix E. Harrow, check out *The Ten Thousand Doors of January*.

**Witches and Witch-Hunts** Wolfgang Behringer,2004-09-03 In this major new book, Wolfgang Behringer surveys the phenomenon of witchcraft past and present. Drawing on the latest historical and anthropological findings, Behringer sheds new light on the history of European witchcraft, while demonstrating that witch-hunts are not simply part of the European past. Although witch-hunts have long since been outlawed in Europe, other societies have struggled with the idea that witchcraft does not exist. As Behringer shows, witch-hunts continue to pose a major problem in Africa and among tribal people in America, Asia and Australia. The belief that certain people are able to cause harm by supernatural powers endures throughout the world today. Wolfgang Behringer explores the idea of witchcraft as an anthropological phenomenon with a historical dimension, aiming to outline and to understand the meaning of large-scale witchcraft persecutions in early modern Europe and in present-day Africa. He deals systematically with the belief in witchcraft and the persecution of witches, as well as with the process of outlawing witch-hunts. He examines the impact of anti-witch-hunt legislation in Europe, and discusses the problems caused in societies where European law was imposed in colonial times. In conclusion, the relationship between witches old and new is assessed. This book will make essential reading for all those interested in the history and anthropology of witchcraft and magic.

**Witchcraft** Evan John Jones,Doreen Valiente,1999 Revealing the secrets of ancient rituals and the philosophy of witchcraft, this book delves deep into modern witchcraft. The nature of the rites are shown to revolve around traditional witchcraft passed down from ancient times.'

*Old World Witchcraft* Raven Grimassi,2011-10-01 Introduces the philosophy and practices of old world witchcraft, which relies on plant magic and the use of shadow, dispelling the myths about witches and presenting the tradition's tools, charms, spells, rituals, and correspondences.

A Popular History of Witchcraft Montague Summers,2020-07-14 First published in 1937, this volume offers an overview of witchcraft and its practices and history, written by Montague Summers. Augustus Montague Summers (1880 - 1948) was an English clergyman and author most famous for his studies on vampires, witches and werewolves—all of which he believed to be very much real. He also wrote the first English translation of the infamous 15th-century witch hunter's manual, the "Malleus Maleficarum", in 1928. Contents include: "Of the Practice and Profession of Witchcraft; of the Contact; and the Familiar", "Of the Practice of Witchcraft; of the Malice and Mischief of Witches; of the Devil's Mark; and of the Grimore", "Of the Witch Covens and their Grand Masters; of their Journey to the Sabbat; and of the Sabbat Orgy", etc. Other notable works by this author include: "Witchcraft and Black Magic" (1946) and "The Physical Phenomena of Mysticism" (1947). Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

**In Defense of Witches** Mona Chollet,2022-03-08 Mona Chollet's In Defense of Witches is a "brilliant, well-documented"

celebration (Le Monde) by an acclaimed French feminist of the witch as a symbol of female rebellion and independence in the face of misogyny and persecution. Centuries after the infamous witch hunts that swept through Europe and America, witches continue to hold a unique fascination for many: as fairy tale villains, practitioners of pagan religion, as well as feminist icons. Witches are both the ultimate victim and the stubborn, elusive rebel. But who were the women who were accused and often killed for witchcraft? What types of women have centuries of terror censored, eliminated, and repressed? Celebrated feminist writer Mona Chollet explores three types of women who were accused of witchcraft and persecuted: the independent woman, since widows and celibates were particularly targeted; the childless woman, since the time of the hunts marked the end of tolerance for those who claimed to control their fertility; and the elderly woman, who has always been an object of at best, pity, and at worst, horror. Examining modern society, Chollet concludes that these women continue to be harrassed and oppressed. Rather than being a brief moment in history, the persecution of witches is an example of society's seemingly eternal misogyny, while women today are direct descendants to those who were hunted down and killed for their thoughts and actions. With fiery prose and arguments that range from the scholarly to the cultural, *In Defense of Witches* seeks to unite the mythic image of the witch with modern women who live their lives on their own terms.

**Wicca** Ethan Doyle White, 2015-10-01 The past century has born witness to a growing interest in the belief systems of ancient Europe, with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world. By far the largest and best known of these Paganisms has been Wicca, a new religious movement that can now count hundreds of thousands of adherents worldwide. Emerging from the occult milieu of mid twentieth-century Britain, Wicca was first presented as the survival of an ancient pre-Christian Witch-Cult, whose participants assembled in covens to venerate their Horned God and Mother Goddess, to celebrate seasonal festivities, and to cast spells by the light of the full moon. Spreading to North America, where it diversified under the impact of environmentalism, feminism, and the 1960s counter-culture, Wicca came to be presented as a Goddess-centred nature religion, in which form it was popularised by a number of best-selling authors and fictional television shows. Today, Wicca is a maturing religious movement replete with its own distinct world-view, unique culture, and internal divisions. This book represents the first published academic introduction to be exclusively devoted to this fascinating faith, exploring how this Witches' Craft developed, what its participants believe and practice, and what the Wiccan community actually looks like. In doing so it sweeps away widely-held misconceptions and offers a comprehensive overview of this religion in all of its varied forms. Drawing upon the work of historians, anthropologists, sociologists, and scholars of religious studies, as well as the writings of Wiccans themselves, it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft.
