International Handbook Of Juvenile Justice

Barry C. Feld, Donna M. Bishop

International Handbook of Juvenile Justice Scott H Decker, Nerea Marteache, 2016-12-20 This comprehensive reference work presents an in-depth analysis of juvenile justice systems across the world. The second edition of this Handbook has been updated with 13 new chapters, now covering a total of 34 countries, across North and South America, Europe, Asia, Africa, and the Middle East from an international and comparative perspective. The International Handbook of Juvenile Justice is the result of research conducted by a group of outstanding scholars working in the field of juvenile justice. It reflects a collective concern about trends in juvenile justice over the past two decades, trends that have begun to blur the difference between criminal and juvenile justice. Also new to the second edition, each chapter is formatted to increase the comparative aspect of the book, highlighting:

- The legal status of juveniles
- Age of majority
- The country’s stance toward the UN Committee on the Rights of the Child
- Trends in juvenile crime over the period 2004-2014
- Causes of juvenile crime
- Policing and juveniles
- Courts and juveniles
- Custodial rules for juveniles (detention, prison, mixing juveniles with adults)
- Alternative sanctions for juveniles: home confinement, restorative justice, restitution, etc.
- Differences in treatment of boys and girls

This seminal work highlights similarities and differences between the various systems, and will be an important reference for researchers in criminology and criminal justice, particularly interested in juvenile delinquency and youth crime, as well as related disciplines like sociology, social work, and public policy.

International Handbook on Juvenile Justice Donald J. Shoemaker, 1996-06-21 Looks at the juvenile justice systems of 19 countries, including the United States, Canada, Australia, Brazil, China, Egypt, France, Germany, India, Nigeria, and the Philippines.

International Handbook of Juvenile Justice Josine Junger-Tas, Scott H. Decker, 2014-12-09 This comprehensive reference work presents inside information on the Juvenile Justice systems in 19 different countries, both in old and new EU-member states and in the United States and Canada. The book is the result of research conducted by a group of outstanding researchers, who are concerned about trends in Juvenile Justice in the last two decades, which blur the border between criminal and juvenile justice.

Routledge International Handbook of Delinquency and Health Taylor & Francis Group, 2021-03-31 The Routledge International Handbook of Delinquency and Health presents state-of-the-art research and theorizing on the intersections...
between health, delinquency, and the juvenile justice system. Organized into three parts--Theoretical and Empirical Foundations; Behavioral, Mental, and Physical Health Conditions; and Prevention, Policy, and Health Promotion Systems--it is the largest and most comprehensive work of its kind, featuring contributions from scholars from multiple nations and global regions. A growing number of researchers, practitioners, and policymakers from criminology and criminal justice, social work, medicine, psychiatry and psychology, and other health science disciplines engage with marginalized adolescent populations who are at elevated risk for violence and delinquency, alcohol and other drug use, health and mental health problems, and other difficulties directly related to public safety and well-being. These risk factors often lead to short-term (e.g., detention, juvenile residential treatment facilities) and long-term (e.g., prison, parole) contact with the criminal justice system. As these fields increasingly overlap, the distinctions between them are blurred. Sound decision-making in the juvenile justice system depends on adequate research and policy at the intersection of delinquency and health. This volume represents an agenda-setting scholarly resource for the expansion of research and policy-making across the international delinquency and health continuum, and will be an essential resource for all who study or work in the field.

The Palgrave International Handbook of Youth Imprisonment Alexandra Cox, Laura S. Abrams, 2021-06-21 This handbook brings together the knowledge on juvenile imprisonment to develop a global, synthesized view of the impact of imprisonment on children and young people. There are a growing number of scholars around the world who have conducted in-depth, qualitative research inside of youth prisons, and about young people incarcerated in adult prisons, and yet this research has never been synthesized or compiled. This book is organized around several core themes including: conditions of confinement, relationships in confinement, gender/sexuality and identity, perspectives on juvenile facility staff, reentry from youth prisons, young people’s experiences in adult prisons, and new models and perspectives on juvenile imprisonment. This handbook seeks to educate students, scholars, and policymakers about the role of incarceration in young people’s lives, from an empirically-informed, critical, and global perspective.

The Routledge International Handbook of Juvenile Homicide Kathleen M. Heide, 2023-12-22 The Routledge International Handbook of Juvenile Homicide is the definitive work on juvenile homicide. This volume provides an up-to-date, comprehensive, and in-depth exploration of what is known about juveniles involved in murder. Taking an interdisciplinary approach to juvenile homicide, this handbook brings together the leading experts in social sciences, mental health, and law from many countries. The volume covers the phenomenon of juvenile homicide from beginning to end, by addressing the questions “why do kids kill?” all the way to “how does society stop them from killing?”. The tough issues involved in sentencing youths who take the lives of others, often deliberately and in horrific ways, are confronted through chapters addressing the legal issues, child development factors, risk assessment, public attitudes, and ethical concerns. The volume brings together research specifically conducted for this volume, in addition to summaries and discussions of clinical and
empirical findings. Each chapter ends with key takeaway points. Contributors include psychologists, psychiatrists, criminologists, sociologists, lawyers, economists, biologists, epidemiologists, and public health and public policy experts. Uniquely, they examine murder by juveniles across the globe. The volume includes research pertaining to the causes, correlates, and theoretical explanations of juvenile homicide offending. Moving beyond discussions of juvenile homicide offenders (JHOs) as a homogenous group, the volume includes research on specific types of JHOs and research investigating age and gender differences among JHOs. In addition, it draws attention to the empirical factors associated with juvenile homicide offending, effective treatment of JHOs, recidivism, and prevention of violent behavior. The volume also makes recommendations for policy and practice, including how to shift government policy from punishing lawbreakers to saving lives. This volume is essential reading for scholars and students researching youth violence/juvenile homicide across a variety of disciplines including criminology, criminal justice, law, psychology, psychiatry, sociology, social work, public health, and education. It is also an invaluable reference for mental health professionals, practitioners in the juvenile and criminal justice systems, policymakers, and government leaders.

The Handbook of Juvenile Delinquency and Juvenile Justice Marvin D. Krohn, Jodi Lane, 2015-06-22 This handbook is an up-to-date examination of advances in the fields of juvenile delinquency and juvenile justice that includes interdisciplinary perspectives from leading scholars and practitioners. Examines advances in the fields of juvenile delinquency and juvenile justice with interdisciplinary perspectives from leading scholars and practitioners. Provides a current state of both fields, while also assessing where they have been and defining where they should go in years to come. Addresses developments in theory, research, and policy, as well as cultural changes and legal shifts. Contains summaries of juvenile justice trends from around the world, including the US, the Netherlands, Brazil, Russia, India, South Africa, and China. Covers central issues in the scholarly literature, such as social learning theories, opportunity theories, criminal processing, labeling and deterrence, gangs and crime, community-based sanctions and reentry, victimization, and fear of crime.

Routledge International Handbook of Children's Rights Studies Wouter Vandenhole, Ellen Desmet, Didier Reynaert, Sara Lembrechts, 2015-03-24 Since the adoption of the UN Convention on the Rights of the Child (1989) children’s rights have assumed a central position in a wide variety of disciplines and policies. This handbook offers an engaging overview of the contemporary research landscape for those people in the theory and practice of children’s rights. The volume offers a multidisciplinary approach to children’s rights, as well as key thematic issues in children’s rights at the intersection of global and local concerns. The main approaches and topics within the volume are: • Law, social work, and the sociology of childhood and anthropology • Geography, childhood studies, gender studies and citizenship studies • Participation, education and health • Juvenile justice and alternative care • Violence against children and female genital mutilation • Child labour,
working children and child poverty • Migration, indigenous children and resource exploitation The specially commissioned chapters have been written by renowned scholars and researchers and come together to provide a critical and invaluable guide to the challenges and dilemmas currently facing children’s rights.

*The Oxford Handbook of Juvenile Crime and Juvenile Justice* Barry C. Feld, Donna M. Bishop, 2012-01-12 State-of-the-art critical reviews of recent scholarship on the causes of juvenile delinquency, juvenile justice system responses, and public policies to prevent and reduce youth crime are brought together in a single volume authored by leading scholars and researchers in neuropsychology, developmental and social psychology, sociology, history, criminology/criminal justice, and law.

*Handbook of Juvenile Justice* Barbara Sims, Pamela Preston, 2006-05-05 Too often professionals in public policy or criminal justice must scramble to find additional reading on juvenile law and justice or on juvenile delinquency topics because most references and textbooks provide inadequate coverage of many issues of importance. The Handbook of Juvenile Justice: Theory and Practice responds to this need by prov

*Routledge International Handbook of Crime and Gender Studies* Claire M. Renzetti, Susan L. Miller, Angela R. Gover, 2013-05-02 Criminological research has historically been based on the study of men, boys and crime. As a result, the criminal justice system’s development of policies, programs, and treatment regimes was based on the male offender. It was not until the 1970s that some criminologists began to draw attention to the neglect of gender in the study of crime, but today, the study of gender and crime is burgeoning within criminology and includes a vast literature. The Routledge International Handbook of Crime and Gender Studies is a collection of original, cutting-edge, multidisciplinary essays which provide a thorough overview of the history and development of research on gender and crime, covering topics based around: theoretical and methodological approaches gender and victimization gender and offending gendered work in the criminal justice system future directions in gender and crime research. Alongside these essays are boxes which highlight particularly innovative ideas or controversial topics – such as cybercrime, restorative justice, campus crime, and media depictions. A second set of boxes features leading gender and crime researchers who reflect on what sparked their interest in the subject. This engaging and thoughtful collection will be invaluable for students and scholars of criminology, sociology, psychology, public health, social work, cultural studies, media studies, economics and political science.

*International Handbook of Criminology* Shlomo Giora Shoham, Paul Knepper, Martin Kett, 2010-02-23 The second handbook in the Shoham trilogy, which includes the esteemed International Handbook of Penology and Criminal Justice and the upcoming International Handbook of Victimology, this volume is a comprehensive treatment of criminology theory. This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines. Topics include social deviance, research methods, biological and physiological explanations, personality types, and family
socialization processes. The book also explores ecological and economic factors, differential association and situational crime prevention, cultural conflicts and immigration, as well as stigmas, group delinquency and juvenile delinquency.

Juvenile Justice John T. Whitehead, Steven P. Lab, 2015-02-20 Juvenile Justice: An Introduction, 8th edition, presents a comprehensive picture of juvenile offending, delinquency theories, and how juvenile justice actors and agencies react to delinquency. It covers the history and development of the juvenile justice system and the unique issues related to juveniles, offering evidence-based suggestions for successful interventions and treatment and examining the new balance model of juvenile court. This new edition not only includes the latest available statistics on juvenile crime and victimization, drug use, court processing, and corrections, but provides insightful analysis of recent developments, such as those related to the use of probation supervision fees; responses to gangs and cyber bullying; implementing the deterrence model (Project Hope); the possible impact of drug legalization; the school-to-prison pipeline; the extent of victimization and mental illness in institutions; and implications of major court decisions regarding juveniles, such as Life Without Parole (LWOP) for juveniles. Each chapter enhances student understanding with Key Terms, a What You Need to Know section highlighting important points, and Discussion Questions. Links at key points in the text show students where they can go to get the latest information, and a comprehensive glossary aids comprehension.

International Handbook of Penology and Criminal Justice Shlomo Giora Shoham, Ori Beck, Martin Kett, 2007-10-08 At the outset of the twenty-first century, more than 9 million people are held in custody in over 200 countries around the world. -- from the essay Prisons and Jails by Ron King The first comparative study of this increasingly integral social subject, International Handbook of Penology and Criminal Justice provides a comprehensive and balanced review of the philosophy and practicality of punishment. Drawn from the expertise of scholars and researchers from around the world, this book covers the theory, practice, history, and empirical evidence surrounding crime prevention, identification, retribution, and incarceration. It analyzes the efficacy of both traditional methods and thinking as well as novel concepts and approaches. Beginning with a study of the changing attitude of penal practice in Florida from one of offender transformation to one of risk-management, imprisonment, surveillance, and control, this volume embarks on an objective and sober appraisal of every aspect of the field. Contributions consider the sociology of incarcerated prisoners including the increasing prevalence of prison suicides. The book evaluates arguments regarding the world-wide abolition of capital punishment from moral, utilitarian, and practical positions. It examines non-incarcerative and alternative punishments such as financial restoration and restrictions of liberty, as well as the positive effects of Victim Offender Mediation. It also considers several methods aimed at achieving measurable crime prevention including identifying at-risk juveniles and minimizing crimes of opportunity, as well as the pros and cons of employing the coercive power of police. Further essays consider subjects such as international policing, the roles of prosecution and defense attorneys, current discretionary sentencing practices, and the role and
treatment of victims. The volume concludes with two chapters of case studies that provide a hands-on feel for the interplay of the concepts discussed. This volume is the first in a three-part trilogy. See also The International Handbook of Victimology and The International Handbook of Criminology.

**The Cycle of Juvenile Justice** Thomas J. Bernard, Megan C. Kurlychek, 2010-10-14 The Cycle of Juvenile Justice takes a historical look at juvenile justice policies in the United States. Tracing a pattern of policies over the past 200 years, the book reveals cycles of reforms advocating either lenient treatment or harsh punishments for juvenile delinquents. Bernard and Kurlychek see this cycle as driven by several unchanging ideas that force us to repeat, rather than learn from, our history. This timely new edition provides a substantial update from the original, incorporating the vast policy changes from the 1990s to the present, and placing these changes in their broader historical context and their place within the cycle of juvenile justice. The authors provide a provocative and honest assessment of juvenile justice in the 21st century, arguing that no policy can solve the problem of youth crime since it arises not from the juvenile justice system, but from deeper social conditions and inequalities. With this highly-anticipated new edition, The Cycle of Juvenile Justice will continue to provide a controversial, challenging, and enlightening perspective for a broad array of juvenile justice officials, scholars, and students alike.

**Juvenile Justice** Cliff Roberson, 2010-08-30 Over several hundred years, the juvenile justice system has evolved from one in which a child offender was prosecuted under the same guidelines used for adults to the current system in which society has recognized the unique status of juveniles within the criminal justice framework. Written by world-renowned legal scholar Cliff Roberson, Juvenile J

**International Handbook of Juvenile Justice** Josine Junger-Tas, Scott H. Decker, 2010-06-28 This comprehensive reference work presents inside information on the Juvenile Justice-systems in 19 different countries, both in old and new EU-member states and in the United States and Canada. The book is the result of research conducted by a group of outstanding researchers, who are concerned about trends in Juvenile Justice in the last two decades, which blur the border between criminal and juvenile justice.

**The Routledge International Handbook of Juvenile Homicide** Kathleen M. Heide, 2023 The Routledge International Handbook of Juvenile Homicide is the definitive work on juvenile homicide. This volume provides an up-to-date, comprehensive, and in-depth exploration of what is known about juveniles involved in murder. Taking an interdisciplinary approach to juvenile homicide, this handbook brings together the leading experts in social sciences, mental health, and law from many countries. The volume covers the phenomenon of juvenile homicide from beginning to end, by addressing the questions why do kids kill all the way to how does society stop them from killing? The tough issues involved in sentencing
youths who take the lives of others, often deliberately and in horrific ways, are confronted through chapters addressing the legal issues, child development factors, risk assessment, public attitudes, and ethical concerns. The volume brings together research specifically conducted for this volume, in addition to summaries and discussions of clinical and empirical findings. Each chapter ends with key take away points. Contributors include psychologists, psychiatrists, criminologists, sociologists, lawyers, economists, biologists, epidemiologists, and public health and public policy experts. Uniquely, they examine murder by juveniles across the globe. The volume includes research pertaining to the causes, correlates, and theoretical explanations of juvenile homicide offending. Moving beyond discussions of juvenile homicide offenders (JHOs) as a homogenous group, the volume includes research on specific types of JHOs, and research investigating age and gender differences among JHOs. In addition, it draws attention to the empirical factors associated with juvenile homicide offending, effective treatment of JHOs, recidivism, and prevention of violent behavior. In the digital age, access to information has become easier than ever before. The ability to download International Handbook Of Juvenile Justice has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download International Handbook Of Juvenile Justice has opened up a world of possibilities. Downloading International Handbook Of Juvenile Justice provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading International Handbook Of Juvenile Justice has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download International Handbook Of Juvenile Justice. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading International Handbook Of Juvenile Justice. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical
downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading International Handbook Of Juvenile Justice, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download International Handbook Of Juvenile Justice has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

**FAQs About International Handbook Of Juvenile Justice Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What is the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. International Handbook Of Juvenile Justice is one of the best book in our library for free trial. We provide copy of International Handbook Of Juvenile Justice in digital format, so the resources that you find are reliable. There are also many Ebooks of related with International Handbook Of Juvenile Justice. Where to download International Handbook Of Juvenile Justice online for free? Are you looking for International Handbook Of Juvenile Justice PDF? This is definitely going to save you time and cash in something you should think about.
